## RECALL ELECTION ORDERED FOR N. D. OCTOBER 28TH

### FRAZIER, LEMKE AND HAGAN AT- TACKED IN FIRST ATTEMPT OF KIND IN U. S. TO OUST STATE OFFICIALS

Bismarck, Sept. 17.—Secretary of State Thomas Hall today ordered a recall election for the state of North Dakota, to take place Friday, Oct. 28. This action was taken immediately after the filing of a recall petition bearing names of 74,034 voters by the joint campaign committee representing the elements opposed to the Non-partisan league.

North Dakota thus becomes the scene of the first attempt in the United States to oust state officials by means of the recall. The petitioners seek to oust three men, Lynn J. Frazier, governor; William Lemke, attorney general, and John N. Hagan, commissioner of agriculture and labor.

The recall petition names as candidates against them R. A. Nestos of Minot, for governor; Sveinbjorn Johnson of Grand Forks, for attorney general, and Joseph A. Kitchen of Sentinel Butte, for commissioner of agriculture and labor.

The three officials attacked in the recall election form the state board of administration and under their management of state industries and of the Bank of North Dakota, \$6,000,000 of public funds have become tied up in "frozen assets." Initiated laws to be voted on at the same election propose ways out of the situation, by which the state's credit would be restored, the system of "political banking" wiped out, and funds provided to give the state and its subdivisions working capital until the "frozen" assets can be thawed out, and in part realized on.

**Campaign Begins Next Week**  
The recall campaign will start with a bang next week, and sentiment has been turning against the Townley-Lemke-Frazier government of the state so decisively that opponents of the Nonpartisan league are confident of winning a victory. There are two possible obstacles to success which the "independents" are watching for. They are:

Legal action by the league attorney general in a supreme court dominated by league members, to restrain holding of the election.

In default of that, the filing of a third ticket to split the opposition to the league.

One possible ground for a legal action is that the law requires publication of a "publicity pamphlet" containing the initiated measures to be voted on, and its distribution to the voters, as provided by law. There is no appropriation for that purpose. One was voted by the legislature, but the item was omitted by some mistake from the enrolled bill.

Mr. Hall on Aug. 31 requested Governor Frazier to get action by the emergency commission providing funds for the pamphlet. The governor's reply to this was that the recall election had not been called.

**Hot Campaign Predicted**  
Fargo, Sept. 17.—The seven year old quarrel with A. C. Townley was flamed up again today.

Independents are seeking to overthrow the Nonpartisan league regime in North Dakota October 28.

The man who overthrew the old party politics in the Flickertail state was sitting back watching the army mobilization today. Townley it was said, will just be one of the campaign speakers. The real fight is being directed by the state executive committee.

Independents have succeeded in calling a special election for October 28 to recall if possible Governor Lynn Frazier, Attorney General Wm. Lemke and Commissioner of Agriculture and Labor John N. Hagen.

R. A. Nestos, Nestos Johnson and James Kilcher are respectively the candidates for those offices.

The next six weeks will see some of the most active campaigning in North Dakota. Outside talent is to be brought in to fight for the opposing cause. Governor Preus of Minnesota will be among the prominent men campaigning for the independents, it was predicted.

John Skelton Williams, former comptroller of the currency, and John Lind, former governor of Minnesota, are scheduled to support the nonpartisan league.

Nonpartisan league headquarters

## ANOTHER ISSUE OF FEDERAL FARM LOAN BONDS WILL BE MADE

(By United Press)  
Washington, Sept. 17.—Another issue of the federal farm loan bonds will be made about October, Secretary of the Treasury Mellon announced today.

Decision to put more farm loan bonds on the market was reached following the over subscription of \$800,000,000 on the last issue of the treasury certificates. The amount is the issue was not revealed. The money obtained from bonds will be used by the farm loan bank to aid agriculture.

The new issue will bear interest at the rate of five per cent, Mellon said. Congress recently gave authority to increase the rate to five and one-half per cent and the secretary's action today indicated that the government money market is becoming easier. The selling price of the new bonds will be announced later.

## ALCOHOL CHEAPER THAN GASOLINE

Washington, Sept. 17.—Cuban taxi drivers have petitioned the municipality of Havana to lower the standard rate, as they find they can cut existing charges one-third and still make a profit by substituting alcohol for gasoline, as motive power for automobiles, according to a report to the commerce department today from Philander L. Cable, American charge d'affaires at Havana.

## HONORS PAID TO DEAD U. S. SAILORS

(By United Press)  
New York, Sept. 17.—Flags draped at half mast in the Brooklyn navy yard today for American dead of the ill fated dirigible ZR-2 which crashed to destruction in the river Humber while on a trial flight.

The bodies of sixteen American officers and men brought here from England on the British cruiser Dauntless lay in flag draped caskets in the chapel in the navy yard guarded by a detail of special bluejackets. It had been expected that the men who went overseas to take charge of the ZR-2 would be received with cheers and tooting whistles when they came home again flying triumphantly in the huge air cruiser.

## IRON ORE LIMITED SAYS MINNESOTAN

### GOPHER STATE MINES WON'T LAST 15 YEARS, C. W. POTTS TELL OPERATORS

Washington, Sept. 17.—The known ore resources are far from unlimited any "any statement that our domestic iron resources will last 2,000 years is predicated on many uncertainties," Charles W. Potts, Deerwood, Minn., mine operator, declared today at a meeting of officers of the American Mining congress devoted to discussion of schedules of the pending tariff bill relating to iron and steel.

"The present known reserves of high grade iron ore, based on the constantly expanding requirements of the steel industry," Mr. Potts asserted, "will be exhausted in twenty years and the merchantable grades of iron ore from the great mines of Minnesota will, at the present rate of depletion, be practically exhausted within the next fifteen years unless new discoveries are made. The exhaustion of our domestic high grade deposits of iron ore is so imminent that already the greatest brains in the industry are undertaking the development of processes for making useable low grade iron ore hitherto considered of no value."

"Manganese deposits in the United States, however," the Minnesota mine operator said, "will last the steel industry as long as the present known high grade deposits of iron ore will last the steel industry."

here announced 150 volunteer speakers will support the cause.

The aim of the campaign is to oust the nonpartisan league from control of state politics. Each force opposed to the league has been marshalled for the campaign and each force backing the league is lined up. If there are any citizens on the fence they are few, it was said.

## PROHIB. OFFICERS RAID THE CHICAGO ATHLETIC CLUB

### PROCURE SIX CASES OF EVIDENCE —OTHER CLUBS WARNED TO CUT OUT BOOZE

(By United Press)

Chicago, Sept. 17.—The "four hundred" trembled in their boots today.

Prohibition agents swept down on the Chicago Athletic club, the most exclusive organization in the midwest, poured six cases of evidence in a touring car and departed. Other clubs who have heretofore enjoyed the sanctity of private homes as far as raids were concerned, were warned today that "the only safe place for a rich man's liquor is in his stomach."

Names of 72 convivial spirits of staid organizations are on file at the prohibition enforcement office. Other members of the club, according to federal officials, were shocked at their attempt to make a saloon of the club and delivered the information against them which resulted in the raid.

Federal agents threatened to take their cases before a grand jury and ask an indictment for conspiracy to violate the prohibition act.

## BEMIDJI GIRL DROPS FROM SIGHT

### BOARDED TRAIN AT MINNEAPOLIS LAST MONDAY FOR BEMIDJI— VIOLENCE IS FEARED

(By United Press)

Bemidji, Minn., Sept. 17.—Pretty little Jardice Wallace, a fifteen year old Bemidji girl, has dropped from sight. Police here fear violence.

She boarded a Northern Pacific train in Minneapolis last Monday morning enroute to Bemidji. Her cousin, Lyle Judkins, put her on the train. Relatives have not heard from her since.

Trainmen say she never changed trains at Little Falls and it is believed she was enticed from the train between Minneapolis and Little Falls.

Miss Wallace won a free ticket and transportation to the Minnesota state fair by winning a Beltrami county bread baking contest. Her parents are dead. She is a niece of Mr. and Mrs. John Wallace and Mrs. Christy Doff of Bemidji.

She is described as tall and slender for her age, has brown hair, slightly curly, blue eyes and was wearing a brown coat and black hat when last seen.

## Shift Murder Investigation to North of State

(By United Press)

Milwaukee, Sept. 17.—The scene of the investigation of the murder of Moritz Hoyer and his wife near here several weeks ago has been shifted to the northern part of the state, it was learned today. Sheriff McManus, who furnished the clue yesterday from a resident of Shawano county, indicated the flight of the suspected murderer toward northern Wisconsin. Frank Hull, a farmer, reported to the sheriff that he had questioned a party of youths on the morning of Sept. 3. The party, according to Hull, stopped their machine near his home and spent an hour there. On being questioned by Hull they displayed ignorance of the district and after inquiring the way to Colby were impatient to be on their way.

## LIVE STOCK TRADE CLOSES WEEK FIRM

(By United Press)

South St. Paul, Sept. 17.—Live stock trade closed firm in all branches for the week. Cattle made some gains early in the week of 20 to 25 cents and trading was firm at the close. Beef steers and stockers and feeders are strong to 25 cents higher than a week ago. Butcher she stock under a good demand closed unevenly 25 to 75 cents higher than last Saturday. Veal calves closed \$10.50 to \$11. Choice sold steady today range in bulk being \$6.50 to \$8.25.

Lambs gained \$1 to \$1.25 this week. Better grades of natives closed at \$9 to \$9.25. Sheep are closing strong to 50 cents higher.

## NEW PROPOSAL MADE SETTLE YAP QUESTION

(By United Press)

Washington, Sept. 17.—The United States government has submitted a new proposal to Japan for settlement of the Yap question, it was learned in authoritative quarters today.

This proposal was made by Secretary of State Hughes in a memorandum to the Japanese government.

The move is believed to have been in response to the compromise proposal made some time ago by the Japanese government to the United States for a settlement of the difficult Yap question.

While the exact nature of the Hughes proposal is not yet known it is understood the Japanese government has been given a favorable consideration.

## FOOD PRICES MAKE SLIGHT INCREASE

### AUGUST PRICES 4.3 PER CENT OVER JULY—25 PER CENT LESS THAN A YEAR AGO

(By United Press)

Washington, Sept. 17.—An upward movement in the food prices is under way again, it was shown in figures made public today by the department of labor.

The latest cost of food increased 4.3 per cent in August compared with July, the department announced. The cost however on August 15 was still 25 per cent under the figures for the same date in 1920. Food prices are still above 53 per cent above the figures of August 15, 1913.

Rochester, New York, with eight per cent, led in the increase during August by the 51 cities canvassed by the department. Buffalo was second with seven per cent and Baltimore, New York, Boston, Philadelphia and Fall River, Mass., were next with six per cent.

Indianapolis and Milwaukee report a five per cent increase. St. Paul showed two per cent and Minneapolis one per cent.

## THERE IS YET HOPE FOR BRITISH-IRISH PEACE CONFERENCE

### LOYD GEORGE REPORTED PRE- PARING REPLY TO DE VALERA'S LATEST COMMUNICATION

(By United Press)

Gairloch, Scotland, Sept. 17.—A peace conference between British and Irish representatives is impossible while De Valera insists that the Irish delegates confer as emissaries of an independent sovereign state, Premier Lloyd George said today, replying to the republican leader.

Gairloch, Scotland, Sept. 17.—There is yet hope for a peace conference between representatives of Ireland and the British government.

Premier Lloyd George here today was understood to be preparing a reply to President De Valera's latest communication in which the Sinn Fein leader explained why he insisted that Irish delegates to such a conference would come as representatives of a free nation.

This insistence on the part of the Sinn Fein caused Lloyd George to inform De Valera that no conference could be held on that basis.

### Consider Situation Tuesday.

London, Sept. 17.—The Irish situation will be taken up at a meeting of the British cabinet at Inverness next Tuesday or Wednesday, it was learned today.

The latest De Valera note was a plea explaining his previous reply, practically makes another Irish-British conference a certainty, it was believed.

The Dail itself is cheerful, according to dispatches from Dublin. "All will go well," the Chronicle Dublin correspondent quoted Irish leaders as saying.

### Irish Optimistic.

Dublin, Sept. 17.—Optimism prevailed today following Eamonn De Valera's telegram to Lloyd George clarifying the Sinn Fein attitude toward further conferences.

"This telegram makes it even clearer that Lloyd George was hasty in concluding the Dail's acceptance of the Inverness conference implied a demand for recognition in advance," said the Freeman Journal. "The Irish leaders are only seeking an unfettered discussion."

## LATE BULLETINS

### Big Barn Burns

Northfield, Minn., Sept. 17.—A big barn on the farm of W. F. Schilling, president of the Farmers Finance Corporation, was destroyed last night when struck by a bolt of lightning. One horse was killed, but all of his Holstein herd was saved. Damage was estimated at \$15,000.

### Barnum Has \$60,000 Fire.

Moose Lake, Minn., Sept. 17.—Barnum had another baptism of fire last night when flames started by a cigarette, burning three buildings and threatened the town. The damage was estimated at \$60,000. Barnum was damaged by forest fires three years ago.

### President at Norfolk.

Norfolk, Va., Sept. 17.—President Harding arrived here aboard the yacht Mayflower during the night and plans to go ashore for a round of golf before noon. The presidential party cruised directly from New York without a stop and anchored in Hampton Roads near the naval base dock. The president was expected to meet Admiral Rodman, commandant of the naval base here, and motor to Norfolk country club near by.

### Breach of Promise Suit.

St. Paul, Sept. 17.—Eugene Rogers promised to marry her, but failed to carry it out, Bertha Roth alleged today, suing for \$25,000.

She named Rogers as the father of her child born Dec. 1, 1920. He proposed in April, 1920, the complaint said.

### First Victim of Hunting Season

Duluth, Minn., Sept. 17.—Bruce Ball, 18, is the first human victim of the hunting season. He was shot in the leg by Robert Orr, who claimed it was an accident.

## SPRING WILL FIND NATION BACK ON ECONOMIC FOOTING

(By United Press)

Washington, Sept. 17.—Belief that business has again hit a stride and that spring will find the nation back on a sure economic footing was expressed here today by David R. Crissinger, comptroller of currency, in a statement to the United Press.

Crissinger's opinions were based on an exhaustive survey of the banks and banking conditions throughout the country. Bank deposits are increased and loans decreased, he said.

"The recent rise in cotton prices has changed the southern feeling from depression to enthusiasm."

In New England mills are beginning to work full time. Crops are good and money is getting easier. Crissinger said steel and iron prices are still too high and that conditions would rapidly improve as they were reduced.

### N. P. Appeals From Order.

St. Paul, Sept. 17.—The Northern Pacific railroad company today appealed from an order of the state railroad and warehouse commission forcing them to install a tank scale at Fergus Falls. The order which was issued on Sept. 6, will be argued in Ottumwa county court.

## ARMENIANS PLEAD AGAINST DEPORTING

### WOMEN HELD AT ELLIS ISLAND THREATEN SUICIDE RATHER THAN RETURN TO TURKS

New York, Sept. 17.—Armenians, mostly women and children coming to join relatives and young women to be married, are held on Ellis Island, because of an alleged technical flaw in the law or its interpretation which operates to stop Armenian immigration entirely, according to George H. Topakyan, general secretary of the Armenian Immigrant Welfare society.

Their deportation, pending a new investigation of the cases, has been temporarily halted by President Harding, acting on an appeal from the Armenian society.

The Armenians are refugees from Turkish rule. Most of them have had relatives massacred by Turks and many of the young women have suffered at the hands of the Turks, according to Secretary Topakyan of the Armenian society, who predicted that they would commit suicide in large numbers if compelled to return to Turkey. He added:

"Four young Armenian women have thrown themselves overboard and drowned at Ellis Island this year because they were in danger of being deported into the hands of the Turks once more."

Though 318 Armenians a month have the abstract right to enter this country, they are barred because they cannot produce Armenian passports. They can only show Turkish passport and are denied admittance on the ground that they are Turks and that the quota of Turkish immigrants has already been exhausted.

"If these Armenians are deported I will be one of the most tragic blunders and crimes ever committed in the history of this country," said Secretary Topakyan.

## Police Are Investigating Killing of Frank Fisher

(By United Press)

St. Paul, Sept. 17.—Satisfied that they are guiltless, police today released Hossan Zeror, James Ahland and Abe Sardin, held in connection with the killing yesterday of Frank Fisher over a card game at the York hotel. Two others who also participated in the poker game at which Fisher was killed, and J. Y. Possiff, hotel proprietor, was shot, were arrested and are being questioned by detectives. Fisher was killed, police say, when holdup men raided the game. No relatives of the dead man can be found.

### Memorialize Constitution Day

St. Paul, Sept. 17.—"Public gatherings and private contemplations" were asked by Governor Preus today to memorialize "Constitution Day."

Today was the 134th anniversary of the adoption of the United States constitution. The governor's proclamation was distributed and printed throughout the state.

## NEW YORKERS ARE DRIVEN FROM HOMES BY AMMONIA FUMES

### 200 REPORTED "GASSED" WHEN FUMES DRIVE HUNDREDS INTO STREETS

New York, Sept. 17.—Two hundred persons were "gassed" in New York early today when ammonia fumes spread over an area of twenty blocks of the Upper East Side driving thousands from their homes.

When choking fumes came, crowds of men, women and children, many in their night clothing and others half dressed, swarmed into the streets choking and gasping. Many fell unconscious. At one time there were more than sixty people sprawled out in the streets overcome, police said. Police estimated 10,000 were forced to flee from their homes.

The gas wave resulted from the blowout of a cylinder head on an ice machine at the Knickerbocker ice company.

## RAISE FUNDS TO PROBE MOVIE SCANDALS AND PROSECUTE ARBUCKLE

San Francisco, Sept. 17.—A nationwide scandal probe will result from the disclosure of secrets of "Fatty" Arbuckle's party, District Attorney Brady intimated here today.

An appropriation of \$1,000 was obtained from the board of supervision to run down the rumors of widespread scandal which has developed from investigation following the arrest of Roscoe Arbuckle in connection with the death of Virginia Rappe, actress, a guest at the party. Brady declared the \$1,000 will be insufficient to obtain the prosecuting evidence he desires. He said he would appeal for more money from the supervisory board next Monday.

Arbuckle will be arraigned today on manslaughter charges returned in an indictment by the grand jury. The state however has not decided not to prosecute on this charge and has planned its case to obtain Arbuckle's conviction for murder.

Chas. Brennan, one of Arbuckle's legal corps, will enter a plea of not guilty to manslaughter and the case probably will be continued indefinitely. But it will be impossible for the prosecution to complete its case without additional funds, Brady said. "The defense has an unlimited amount of money to be spent," Deputy D. A. Golden declared. "Without sufficient funds the prosecution will be defeated before it begins."

Brady did not give any detail of the probe he expects to begin, but it is believed it will center about Hollywood, the hope of the California movie stars, where rum and wild parties have been disclosed.

The body of Miss Rappe was taken to Los Angeles today. The funeral will be held in Hollywood some time Monday, it was decided.

### Case Continued to Sept. 26

San Francisco, Sept. 17.—Roscoe Arbuckle, arraigned on the indictment by the grand jury here charging him with manslaughter in connection with the death of Virginia Rappe, today was continued until Sept. 26.

Arbuckle appeared at 10:30 a. m. before Superior Judge Laubach to accept the charges. It was the fifth court room in which he appeared since a week ago today. Attorneys for the defense said they agreed to the continuation of the arraignment because of the decision of District Attorney Brady to place the charge of murder against Arbuckle.

### Mob Burns Arbuckle Film.

Pharmopolis, Wyo., Sept. 17.—Hundreds of persons formed a mob here last night and attacked a motion picture theatre seized a film portraying Roscoe Arbuckle and burned it in the street. Police were unable to stop the mob.

Following announcement of the theatre proprietor that the Arbuckle film would be shown Friday night, a protest was made by scores of citizens. Final efforts by a purity squad to induce the owner of the show to refrain from exhibiting the film following the indictment of the comedian in San Francisco, were unavailing.

When the show opened last night the mob smashed into the theatre, seized the film and threw it into the street where it was burned.

## BEMIDJI GIRL DROPS FROM SIGHT

#### BOARDED TRAIN AT MINNEAPOLIS LAST MONDAY FOR BEMIDJI— VIOLENCE IS FEARED

(By United Press)

Bemidji, Minn., Sept. 17.—Pretty little Jardice Wallace, a fifteen year old Bemidji girl, has dropped from sight. Police here fear violence.

She boarded a Northern Pacific train in Minneapolis last Monday morning enroute to Bemidji. Her cousin, Lyle Judkins, put her on the train. Relatives have not heard from her since.

Trainmen say she never changed trains at Little Falls and it is believed she was enticed from the train between Minneapolis and Little Falls.

Miss Wallace won a free ticket and transportation to the Minnesota state fair by winning a Beltrami county bread baking contest. Her parents are dead. She is a niece of Mr. and Mrs. John Wallace and Mrs. Christy Doff of Bemidji.

She is described as tall and slender for her age, has brown hair, slightly curly, blue eyes and was wearing a brown coat and black hat when last seen.

## Shift Murder Investigation to North of State

(By United Press)

Milwaukee, Sept. 17.—The scene of the investigation of the murder of Moritz Hoyer and his wife near here several weeks ago has been shifted to the northern part of the state, it was learned today. Sheriff McManus, who furnished the clue yesterday from a resident of Shawano county, indicated the flight of the suspected murderer toward northern Wisconsin. Frank Hull, a farmer, reported to the sheriff that he had questioned a party of youths on the morning of Sept. 3. The party, according to Hull, stopped their machine near his home and spent an hour there. On being questioned by Hull they displayed ignorance of the district and after inquiring the way to Colby were impatient to be on their way.

## LIVE STOCK TRADE CLOSES WEEK FIRM

(By United Press)

South St. Paul, Sept. 17.—Live stock trade closed firm in all branches for the week. Cattle made some gains early in the week of 20 to 25 cents and trading was firm at the close. Beef steers and stockers and feeders are strong to 25 cents higher than a week ago. Butcher she stock under a good demand closed unevenly 25 to 75 cents higher than last Saturday. Veal calves closed \$10.50 to \$11. Choice sold steady today range in bulk being \$6.50 to \$8.25.

Lambs gained \$1 to \$1.25 this week. Better grades of natives closed at \$9 to \$9.25. Sheep are closing strong to 50 cents higher.

## NEW PROPOSAL MADE SETTLE YAP QUESTION

(By United Press)

Washington, Sept. 17.—The United States government has submitted a new proposal to Japan for settlement of the Yap question, it was learned in authoritative quarters today.

This proposal was made by Secretary of State Hughes in a memorandum to the Japanese government.

The move is believed to have been in response to the compromise proposal made some time ago by the Japanese government to the United States for a settlement of the difficult Yap question.

While the exact nature of the Hughes proposal is not yet known it is understood the Japanese government has been given a favorable consideration.

## FOOD PRICES MAKE SLIGHT INCREASE

#### AUGUST PRICES 4.3 PER CENT OVER JULY—25 PER CENT LESS THAN A YEAR AGO

(By United Press)

Washington, Sept. 17.—An upward movement in the food prices is under way again, it was shown in figures made public today by the department of labor.

The latest cost of food increased 4.3 per cent in August compared with July, the department announced. The cost however on August 15 was still 25 per cent under the figures for the same date in 1920. Food prices are still above 53 per cent above the figures of August 15, 1913.

Rochester, New York, with eight per cent, led in the increase during August by the 51 cities canvassed by the department. Buffalo was second with seven per cent and Baltimore, New York, Boston, Philadelphia and Fall River, Mass., were next with six per cent.

Indianapolis and Milwaukee report a five per cent increase. St. Paul showed two per cent and Minneapolis one per cent.

## THERE IS YET HOPE FOR BRITISH-IRISH PEACE CONFERENCE

#### LLOYD GEORGE REPORTED PRE- PARING REPLY TO DE VALERA'S LATEST COMMUNICATION

(By United Press)

Gairloch, Scotland, Sept. 17.—A peace conference between British and Irish representatives is impossible while De Valera insists that the Irish delegates confer as emissaries of an independent sovereign state, Premier Lloyd George said today, replying to the republican leader.

Gairloch, Scotland, Sept. 17.—There is yet hope for a peace conference between representatives of Ireland and the British government.

Premier Lloyd George here today was understood to be preparing a reply to President De Valera's latest communication in which the Sinn Fein leader explained why he insisted that Irish delegates to such a conference would come as representatives of a free nation.

This insistence on the part of the Sinn Fein caused Lloyd George to inform De Valera that no conference could be held on that basis.

#### Consider Situation Tuesday.

London, Sept. 17.—The Irish situation will be taken up at a meeting of the British cabinet at Inverness next Tuesday or Wednesday, it was learned today.

The latest De Valera note was a plea explaining his previous reply. Practically makes another Irish-British conference a certainty, it was believed.

The Daily Mail is cheerful, according to dispatches from Dublin.

"All will go well," the Chronicle Dublin correspondent quoted Irish leaders as saying.

#### Irish Optimistic.

Dublin, Sept. 17.—Optimism prevailed today following Eamonn De Valera's telegram to Lloyd George clarifying the Sinn Fein attitude toward further conferences.

"This telegram makes it even clearer that Lloyd George was hasty in concluding the Daily's acceptance of the Inverness conference implied a demand for recognition in advance," said the Freeman Journal. "The Irish leaders are only seeking an unfettered discussion."

## LATE BULLETINS

#### Big Barn Burns

Northfield, Minn., Sept. 17.—A big barn on the farm of W. F. Schilling, president of the Farmers Finance Corporation, was destroyed last night when struck by a bolt of lightning. One horse was killed, but all of his Holstein herd was saved. Damage was estimated at \$15,000.

#### Barnum Has \$60,000 Fire.

Moose Lake, Minn., Sept. 17.—Barnum had another baptism of fire last night when flames started by a cigarette, burning three buildings and threatened the town. The damage was estimated at \$60,000. Barnum was damaged by forest fires three years ago.

#### President at Norfolk.

Norfolk, Va., Sept. 17.—President Harding arrived here aboard the yacht Mayflower during the night and plans to go ashore for a round of golf before noon. The presidential party cruised directly from New York without a stop and anchored in Hampton Roads near the naval base dock. The president was expected to meet Admiral Rodman, commandant of the naval base here, and motor to Norfolk country club near by.

#### Breach of Promise Suit.

St. Paul, Sept. 17.—Eugene Rogers promised to marry her, but failed to carry it out, Bertha Roth alleged today, suing for \$25,000.

She named Rogers as the father of her child born Dec. 1, 1920. He proposed in April, 1920, the complaint said.

#### First Victim of Hunting Season

Duluth, Minn., Sept. 17.—Bruce Ball, 18, is the first human victim of the hunting season. He was shot in the leg by Robert Orr, who claimed it was an accident.

## SPRING WILL FIND NATION BACK ON ECONOMIC FOOTING

(By United Press)

Washington, Sept. 17.—Belief that business has again hit a stride and that spring will find the nation back on a sure economic footing was expressed here today by David R. Crissinger, comptroller of currency, in a statement to the United Press.

Crissinger's opinions were based on an exhaustive survey of the banks and banking conditions throughout the country. Bank deposits are increased and loans decreased, he said.

"The recent rise in cotton prices has changed the southern feeling from depression to enthusiasm."

In New England mills are beginning to work full time. Crops are good and money is getting easier. Crissinger said steel and iron prices are still too high and that conditions would rapidly improve as they were reduced.

#### N. P. Appeals From Order.

St. Paul, Sept. 17.—The Northern Pacific railroad company today appealed from an order of the state railroad and warehouse commission forcing them to install a tank scale at Fergus Falls. The order which was issued on Sept. 6, will be argued in Ottertail county court.

## ARMENIANS PLEAD AGAINST DEPORTING

#### WOMEN HELD AT ELLIS ISLAND THREATEN SUICIDE RATHER THAN RETURN TO TURKS

New York, Sept. 17.—Armenians, mostly women and children coming to join relatives and young women to be married, are held on Ellis Island, because of an alleged technical flaw in the law or its interpretation which operates to stop Armenian immigration entirely, according to George H. Topakyan, general secretary of the Armenian Immigrant Welfare society.

Their deportation, pending a new investigation of the cases, has been temporarily halted by President Harding, acting on an appeal from the Armenian society.

The Armenians are refugees from Turkish rule. Most of them have had relatives massacred by Turks and many of the young women have suffered at the hands of the Turks, according to Secretary Topakyan of the Armenian society, who predicted that they would commit suicide in large numbers if compelled to return to Turkey. He added:

"Four young Armenian women have thrown themselves overboard and drowned at Ellis Island this year because they were in danger of being deported into the hands of the Turks once more."

Though 318 Armenians a month have the abstract right to enter this country, they are barred because they cannot produce Armenian passports. They can only show Turkish passport and are denied admittance on the ground that they are Turks and that the quota of Turkish immigrants has already been exhausted.

"If these Armenians are deported I will be one of the most tragic blunders and crimes ever committed in the history of this country," said Secretary Topakyan.

## Police Are Investigating Killing of Frank Fisher

(By United Press)

St. Paul, Sept. 17.—Satisfied that they are guiltless, police today released Hossan Zeror, James Ahland and Abe Sardin, held in connection with the killing yesterday of Frank Fisher over a card game at the York hotel. Two others who also participated in the poker game at which Fisher was killed, and J. Y. Possaff, hotel proprietor, was shot, were arrested and are being questioned by detectives. Fisher was killed, police say, when holdup men raided the game. No relatives of the dead man can be found.

#### Memorialize Constitution Day

St. Paul, Sept. 17.—"Public gatherings and private contemplations" were asked by Governor Preus today to memorialize "Constitution Day."

Today was the 134th anniversary of the adoption of the United States constitution. The governor's proclamation was distributed and printed throughout the state.

## NEW YORKERS ARE DRIVEN FROM HOMES BY AMMONIA FUMES

#### 200 REPORTED "GASSED" WHEN FUMES DRIVE HUNDREDS INTO STREETS

New York, Sept. 17.—Two hundred persons were "gassed" in New York early today when ammonia fumes spread over an area of twenty blocks of the Upper East Side driving thousands from their homes.

When choking fumes came, crowds of men, women and children, many in their night clothing and others half dressed, swarmed into the streets choking and gasping. Many fell unconscious. At one time there were more than sixty people sprawled out in the streets overcome, police said. Police estimated 10,000 were forced to flee from their homes.

The gas wave resulted from the blowout of a cylinder head on an ice machine at the Knickerbocker Ice company.

## RAISE FUNDS TO PROBE MOVIE SCANDALS AND PROSECUTE ARBUCKLE

San Francisco, Sept. 17.—A nationwide scandal probe will result from the disclosure of secrets of "Fatty" Arbuckle's party, District Attorney Brady intimated here today.

An appropriation of \$1,000 was obtained from the board of supervision to run down the rumors of widespread scandal which has developed from investigation following the arrest of Roscoe Arbuckle in connection with the death of Virginia Rappe, actress, a guest at the party. Brady declared the \$1,000 will be insufficient to obtain the prosecuting evidence he desires. He said he would appeal for more money from the supervisory board next Monday.

Arbuckle will be arraigned today on manslaughter charges returned in an indictment by the grand jury. The state however has not decided not to prosecute on this charge and has planned its case to obtain Arbuckle's conviction for murder.

Chas. Brennan, one of Arbuckle's legal corps, will enter a plea of not guilty to manslaughter and the case probably will be continued indefinitely. But it will be impossible for the prosecution to complete its case without additional funds, Brady said.

"The defense has an unlimited amount of money to be spent," Deputy D. A. Golden declared. "Without sufficient funds the prosecution will be defeated before it begins."

Brady did not give any detail of the probe he expects to begin, but it is believed it will center about Hollywood, the hope of the California movie stars, where rum and wild parties have been disclosed.

The body of Miss Rappe was taken to Los Angeles today. The funeral will be held in Hollywood some time Monday, it was decided.

#### Case Continued to Sept. 26

San Francisco, Sept. 17.—Roscoe Arbuckle, arraigned on the indictment by the grand jury here charging him with manslaughter in connection with the death of Virginia Rappe, today was continued until Sept. 26.

Arbuckle appeared at 10:30 a. m. before Superior Judge Laubach to accept the charges. It was the fifth court room in which he appeared since a week ago today. Attorneys for the defense said they agreed to the continuation of the arraignment because of the decision of District Attorney Brady to place the charge of murder against Arbuckle.

#### Mob Burns Arbuckle Film.

Thermopolis, Wyo., Sept. 17.—Hundreds of persons formed a mob here last night and attacked a motion picture theatre seized a film portraying Roscoe Arbuckle and burned it in the street. Police were unable to stop the mob.

Following announcement of the theatre proprietor that the Arbuckle film would be shown Friday night, a protest was made by scores of citizens. Final efforts by a purity squad to induce the owner of the show to refrain from exhibiting the film following the indictment of the comedian in San Francisco, were unavailing.

When the show opened last night the mob smashed into the theatre, seized the film and threw it into the street where it was burned.

## THE WEATHER

Minnesota—Fair tonight and Sunday, somewhat colder in the north and east portions tonight.

Cooperative observers record:  
Sept. 16—Maximum 62, minimum 47. Reading the evening 58. West wind. Cloudy.  
Rain. Precipitation, 0.46 inch.  
Sept. 17—Minimum during the night, 40.

Telephone your wants to the Dispatch, Northwest 74, or mail the ad or have it sent to the office. Ads are cash, sent a word each time, no ad taken for less than a quarter.

Dance at Merrifield Saturday night, Sept. 17. Nile's Orchestra. 8913

A. J. McLennan, president and general manager of the Wrenshall Brick Co., of Duluth, was a Brainerd visitor Friday. Mr. McLennan is well-known here and on the Cuyuna range, where he is interested in a number of iron mines, and is an associate of Geo. H. Crosby in the Lake Investment company. Mr. McLennan was renewing his acquaintances at the court house, and was glad to find them in such convenient and well-lighted quarters. He was impressed with the beauty of the building, and spoke of the wonderful view of sky, trees and river, as seen from the windows of the south offices.

America's Discovery Celebrated in France

By JOHN DE GANDT.  
(United Press Staff Correspondent.)  
Paris, Sept. 13.—Celebrations lasting one week will hereafter take place in Paris every year during the first part of October, to commemorate the discovery of the New World. The decision thereabout which will shortly

be official has been reached mostly, thanks to Ramon Lopez Lomba, Uruguayan Consul General in Paris.

The celebrations will probably start on October 12, the very same date when, in 1492, Christopher Columbus showed Guanahani to his revolted crew. During this first Pan-American Week, there will be not only theatrical performances, processions, etc., but also a kind of congress for the study of economic, financial and social problems interesting the relations of America and the Old World.

A gala show is being prepared to include popular songs and characteristic dances of all the American nations, such as the Chilean Zamacueca, the Brazilian Maxixe, Argentine Tango, Cuban Hanabera, American Cake-walk, etc., with the costumes worn in the different countries. Then will be seen living reproductions of Christopher Columbus, inspired from paintings of famous masters.

The Pan-American week will be the prelude for resuming work in the House of America which were almost completed when the 1914 war broke. The idea of opening such House is Lomba's idea, and it is a part of his program for economic and intellectual approachment between Europe and America. When it is finished, the House of America will include an information department grouping all nations of the New Continent. This office shall put at the disposal of the public any information which may be desirable.

## Course of Hudson River.

The Hudson river rises in the hills to the west of Lake Champlain and after a southerly course of about 200 miles falls into the Atlantic ocean below the city of New York. It is navigable as far as Troy, 165 miles above New York, and is connected by canals with Lakes Champlain and Erie.

## DUBLIN HAS ITS WARRUINS

(By United Press)

Dublin. (By Mail.)—The main street of Dublin—O'Connell, if you are a Republican; Sackville, if you are a Unionist—is being rebuilt. This business section, which was shelled by the British artillery when held by the Republican forces in the Easter Rebellion of 1916, is now being faced with neat new stores and office buildings. Two bleak scars mar the city. The fine stone post office, the most imposing building on that street, was shelled in the Rebellion till nothing but the four gaping walls and a heap of debris within remained. The other is the custom house, burned by the Republicans early this summer, a large stone structure left a ruin, with the small domed tower topped by a sad statue.

The people of Dublin look like the houses, some of them fine, but most of them shabby. The children in the streets are frequently without shoes, and there is more begging than in Vienna.

The people, however, with their sparkling conversations and charming hospitality, leave no question but that the Dublinite, be he ever so humble, is still an Irishman.

## Birds Save Crops

Mandan, N. D., Sept. 17.—Like Manna to the Israelites are the sea gulls which swooped down on McLean county gobbling up on the grasshoppers and cut worms which threatened the crop. The gulls are larger than the native bird and are said to resemble those which appear "miraculously" in Brigham Young's days and saved the Utah crops.

Telephone your wants to the Dispatch, Northwest 74, or mail the ad or have it sent to the office. Ads are cash. cent a word each time, no ad taken for less than a quarter.

Dance at Merrifield Saturday night, Sept. 17. Nile's Orchestra. 8913

A. J. McLennan, president and general manager of the Wrenshall Brick Co., of Duluth, was a Brainerd visitor Friday. Mr. McLennan is well-known here and on the Cuyuna range, where he is interested in a number of iron mines, and is an associate of Geo. H. Crosby in the Lake Investment company. Mr. McLennan was renewing his acquaintances at the court house, and was glad to find them in such convenient and well-lighted quarters. He was impressed with the beauty of the building, and spoke of the wonderful view of sky, trees and river, as seen from the windows of the south offices.

America's Discovery Celebrated in France

By JOHN DE GANDT. (United Press Staff Correspondent.) Paris, Sept. 13.—Celebrations lasting one week will hereafter take place in Paris every year during the first part of October, to commemorate the discovery of the New World. The decision thereabout which will shortly

be official has been reached mostly, thanks to Ramon Lopez Lomba, Uruguayan Consul General in Paris.

The celebrations will probably start on October 12, the very same date when, in 1492, Christopher Columbus showed Guanahani to his revolted crew. During this first Pan-American Week, there will be not only theatrical performances, processions, etc., but also a kind of congress for the study of economic, financial and social problems interesting the relations of America and the Old World.

A gala show is being prepared to include popular songs and characteristic dances of all the American nations, such as the Chilean Zamacueca, the Brazilian Maxixe, Argentine Tango, Cuban Hanabera, American Cake-walk, etc., with the costumes worn in the different countries. Then will be seen living reproductions of Christopher Columbus, inspired from paintings of famous masters.

The Pan-American week will be the prelude for resuming work in the House of America which were almost completed when the 1914 war broke. The idea of opening such House is Lomba's idea, and it is a part of his program for economic and intellectual approachment between Europe and America. When it is finished, the House of America will include an information department grouping all nations of the New Continent. This office shall put at the disposal of the public any information which may be desirable.

Birds Save Crops

Mandan, N. D., Sept. 17.—Like Manna to the Israelites are the sea gulls which swooped down on McLean county gobbling up on the grasshoppers and cut worms which threatened the crop. The gulls are larger than the native bird and are said to resemble those which appear "miraculously" in Brigham Young's days and saved the Utah crops.

DUBLIN HAS ITS WARRUINS

(By United Press)

Dublin. (By Mail.)—The main street of Dublin—O'Connell, if you are a Republican; Sackville, if you are a Unionist—is being rebuilt. This business section, which was shelled by the British artillery when held by the Republican forces in the Easter Rebellion of 1916, is now being faced with neat new stores and office buildings.

Two bleak scars mar the city. The fine stone post office, the most imposing building on that street, was shelled in the Rebellion till nothing but the four gaping walls and a heap of debris within remained. The other is the custom house, burned by the Republicans early this summer, a large stone structure left a ruin, with the small domed tower topped by a sad statue.

The people of Dublin look like the houses, some of them fine, but most of them shabby. The children in the streets are frequently without shoes, and there is more begging than in Vienna.

The people, however, with their sparkling conversations and charming hospitality, leave no question but that the Dublinite, be he ever so humble, is still an Irishman.

## CROW WING COUNTY SUNDAY SCHOOL ASSN.

Re-organization Effected at the Meeting Held in the Bethlehem Lutheran Church

W. H. WAGNER IS PRESIDENT

He is to Name the Secretary, Superintendents of Several Departments to be Named Later

The Crow Wing County Sunday School Association effected a re-organization at its meeting held in Bethlehem Lutheran church, South Seventh street. These officers were elected:

President—W. H. Wagner.  
First Vice President—J. Nelson of Crosby.

Second Vice President—Miss Maust of South Long Lake.  
Secretary—To be named later by the president.

Treasurer—George E. Lowe.  
Superintendent of the Young Peoples' Department—George A. Tracy.  
Superintendent of the Elementary Department—Mrs. E. A. Cooke.

Some offices remain to be filled and they include a vice president from Pequot, a superintendent of the adult department, etc.

Walter S. Wood, superintendent of the Young Peoples Division of the State, spoke on "Youth and How to Interest Them in the Sunday School."

## WHERE TO WORSHIP SUNDAY

**St. Paul's Episcopal Church**  
Regular Sunday school service at 10:30 a. m. Everyone welcome.

**First Methodist Church**  
Public worship at 10:30 a. m. and 7:45 p. m. Sunday school at noon. Epworth League at 7 p. m. Everybody cordially invited.

**Zion Evangelical Lutheran Church**  
Corner Main and Broadway  
9:30 a. m. Sunday school.  
10:30 a. m. Divine services.  
F. C. Rathert, Pastor.

**Clara Lutheran Church**  
Services at the Clara Lutheran church Sunday morning at 10:30. In the evening at 7:30 o'clock.  
Sunday school at 9:30 o'clock.  
Elof G. Carlson, Pastor.

**First Congregational Church**  
Because of the unfinished work on the improvement scheme, services must be postponed. Morning service and Sunday school will be held in the new basement on Sunday, Sept. 25. Friends of the church and parents of the children are asked to co-operate to make these services worth while.

**Swedish Bethany Church**  
Sunday school at 9:45 a. m.  
Morning worship at 11 a. m.  
Evening service at 7:45 p. m.  
On Monday evening the Non-Secretarian Bible Conference begins in our church to which any one and all are heartily welcome. It is conducted in the American language entirely.  
P. G. Fallquist, Minister.

**Norwegian-Danish Ev. Lutheran Church**  
(10th and Oak Sts., S.)  
Divine service, in Norwegian, 10:30 a. m. Sunday school and Bible class 9:30 a. m. Services at the Long Lake church 2:30 p. m. The Ladies' Aid will be entertained at the Paul Henning farm, in the afternoon. All welcome.  
Karl Stromme, Pastor.

**Zion Evangelical Church**  
Fourth Ave. and Forsyth St.  
Sunday school 9:45 a. m.  
Morning services 11 a. m. Sermon: "The Buried Talent."  
Y. P. A., all divisions at 7:15 p. m.  
Evening service 8 p. m.  
Rally Day is here soon. Let us not wait for it, but let us now rally to the Lord's work.  
All welcome.

**Christian Science Society**  
Services held in the Iron Exchange building.  
Sunday morning services at 11 o'clock. Subject: "Matter."  
Sunday school at 10 o'clock.  
Wednesday evening services at 8 o'clock.  
Reading room in Walverman block, open Tuesday, Thursday and Saturday afternoons from 3 to 5 o'clock.  
All are welcome.

**People's Congregational**  
Morning worship at 11 o'clock.  
Morning subject, "Supply and Demand."

mand." A short business session will be called at the close of the worship hour. A cordial welcome extended to all.

Sunday school at 10 o'clock. Young Peoples meeting at 6:45 and evening service at 7:30. You are welcome to any and all of these services.  
J. E. Cadwell, Pastor.

### † † † The First Baptist Church.

The members and friends of the church are rapidly getting back to the city and settling down. The congregations are increasing and it is hoped that all concerned will rally earnestly to the cause of the church. The services tomorrow will be held at the usual hours. In the morning at 11 o'clock divine worship and sermon by the pastor, Rev. Arthur C. Smith, subject, "The Religion of the Second Mile." In the evening at 7:45 service of song and sermon, subject, "A Losing Game."

All are cordially welcome to all service of the church. The Bible school offers splendid training and instruction in the word of God. Classes for all ages with Dr. Joseph Nicholson, superintendent, in charge and a force of competent teachers.  
The B. Y. P. U. holds its meeting at 7 o'clock. Good leaders and a good time. All welcome.

### † † † First Presbyterian Church

Corner Norwood and Eight Streets  
Sunday school: Beginners and primary departments, 9:30; junior to adult departments, 12:00.

Morning worship, 10:30. Sermon: "The Ideal Church Made Real."  
Evening worship: Song service and sermon.

The pastor has had a number of requests to repeat his sermon on "The Church Jesus Would Attend" and the sermon at the Morning Diet of Worship, while not the same sermon, will deal with the same thought.

We are expecting to see the faces of those who have been absent from the regular services of the church for some time, owing to vacation. We are resuming our fall and winter activities and hope to see all members and adherents of the church join in the program. There is an opportunity for service for all ages and we hope you will accept the opportunity in the name of Jesus Christ, the Church's King and Lord.

Rev. S. M. Kelly, Minister.

**Bethlehem Lutheran Church**  
(South Seventh Street)  
Sunday school at 10 a. m. Divine services at 11 o'clock with holy communion. English services at 7:45 p. m. The subject is, "A Dancing Girl's Gift."

Rev. O. S. Winther.

### Drainage Congress

St. Paul, Sept. 17.—Means of eliminating the danger and destruction from floods, and of reclaiming lands made useless by excess water, will be discussed at a national drainage conference here next week.

E. V. Willard, state drainage commissioner, is in charge of arrangements for the conference. Drainage experts from every state where drainage is a problem obstructing development, will be here.

The conference will open September 22.

## SOLEMN SCENES AS ZR-2 VICTIMS ARE BURIED

The victims of the disastrous flight of the ZR-2 have been honored both American and British, shaping alike in the solemn obsequies in the streets of Hull, England. Photo shows the huge wreath sent by the American Y. M. C. A. in London, as America's tribute.

## SEX CONGRESS IS OPENED AT BERLIN

By CARL D. GROAT.  
(United Press Staff Correspondent.)  
Berlin, Sept. 15.—Reform of the German divorce laws; consideration of the Steinhilber rejuvenation theory; birth control; the origin of the "stork story"—these and other topics were to be considered in the international sex congress opening here today.

Experts from all parts of the world were assembled to discuss these matters. The question of making divorce easier was to be one of the leading topics. In Germany, it is difficult for a woman to be freed of a man who is not mentally perfect. Only when he becomes dangerous to the community can she get a divorce. But a man can easily be freed of a woman whose intellect is disturbed. These and other inequalities were to be considered.

Likewise, the Steinhilber rejuvenation operation was to come in for thorough discussion.

Dr. Hirschfeld, recently seriously attacked in Munich by anti-Semitic people, will be one of the leading spirits in the conference. Hirschfeld is desirous of having laws against abnormal persons in a sex sense altered so that they will be treated as persons with an illness, instead of as criminals.

Among those invited to the conference were Prof. Victor G. Veckl, of San Francisco; Prof. Dr. Lipschuetz, Dorpat; Dr. Gassul, Riga; Dr. H. Rogge, The Hague; Prof. Dr. Bledl, Prague; Prof. Dr. Asnaurov, Can Juan, Argentine; Prof. Dr. Meil, Rome; I. Schaeffer, Paris; Joseph Schedle, Peking; A. Tytheridge, Tokio; Dr. Witry, Metz; Dr. Porocz, Budapest; Dr. Knud

Sand, Copenhagen; Dr. Nystroem, Stockholm; Dr. Rutgers, Holland, and Dr. Havelock Ellis, of America, whose writings caused him to quit the States and go to London.

## BERLIN HAS STRIKE OVER BIGGEST FILM

By CARL D. GROAT.  
(United Press Staff Correspondent.)  
Berlin, Sept. 15.—While American unionists are objecting to the new plan of making American films in Germany, Germans are kicking at the low wages paid them for their "acting" in these films. Their protests led to a strike.

The gigantic film, "Pharaoh's Wife," was to be taken outside the city—in the Maerkische Schweiz. Five thousand workless were taken on barges to the show ground, where the hosts of Pharaoh were to do battle. En route, the unemployed had been decorated with artificial sunburn and had been equipped with uniforms.

The "stage" was set for the battle. Many guests, including a corps of foreign correspondents, were present to see this—one of the greatest picture-making stunts yet undertaken in Germany. Then came the squeeze play against the direction—and the strike.

Suddenly the workers set up a cry—the Internationale—and demanded more money. One of their number, a Communist, harangued the warriors. They were being oppressed by the capitalists; the 60 marks offered them was insufficient for the day's "battling" in the sands of the Berlin suburban "Switzerland."

The film director, perspiring, mad, arose and offered the mob 75 marks (almost a dollar at the present ex-

## BIBLE CONFERENCE

Opens Monday Evening at Swedish Bethany Church, Continuing One Week

The Bible Conference opens Monday evening at 7:30 o'clock at the Swedish Bethany church, corner of 7th and Maple streets, under the direction of the Northern Gospel Mission.

This will continue for one week, closing Sunday evening, Sept. 25th. The speakers will be Rev. James P. Welliver who will specialize on Bible teaching and Peter MacFarlane director of St. Paul Down Town Mission who has a wonderful Gospel message, and whose sermons are great inspirational help.

This conference is non-secretarian. It is the "Old faith once for all delivered to the Saints."

Come, you are all welcome.

## DANCING PARTY

The Misses Jule and Mabel O'Brien Entertained Friday Evening at Clearwater Cottage

The Misses Jule and Mabel O'Brien entertained Friday evening at a dancing party at the cottages of Mr. and Mrs. Con O'Brien on Clearwater lake. Forty couples enjoyed their hospitality.

Dancing was enjoyed in one cottage and card playing in another. Refreshments were served. There was rain during the early part of the evening, thus making the roads very heavy. Later at night the rain ceased and the stars came out.

## Harrison Parent-Teachers' Club

The Harrison Parent-Teachers' meeting will be held on Monday at 7:30 P. M.

The following program will be given:

1. Musical Number, Miss Ida Petersen.
2. Story—"Three Billy Goats Gruff" By Lucille Koepf.
3. Reading—Marie Stadlbauer.
4. Talk—Rev. Stromme.
5. Minnesota State Song—6th grade.

A large attendance is desired.

## Senior Election

The senior class of the Brainerd high school held its election Thursday. The following officers were elected:

President, Helen Holden; Vice President, Robert Gemmel; Secretary, Astrid Olsen; Treasurer, Maurice Stoner; Reporter, Desmond Hurley; Sergeant at Arms, George Sargent; Class Advisor, Miss Mary F. Tornstrom.

## Over-Estimate Themselves.

Most of those who claim that the world owes them a living are inclined to insist on living high.

change), but the Communist speaker allowed that wasn't enough. Finally the director, evidently thinking of his outlays for staging the spectacle, wilted and offered 100 marks, which the warriors accepted.

The American companies are saving three to four dollars per head by buying German labor, even at the high rate of 100 marks a day.

## BERLIN HAS STRIKE OVER BIGGEST FILM

By CARL D. GROAT,  
(United Press Staff Correspondent.)  
Berlin, Sept. 16.—While American unemployed are objecting to the new plan of making American films in Germany, Germans are kicking at the low wages paid them for their "acting" in these films. Their protests led to a strike.

The gigantic film, "Pharaoh's Wife," was to be taken outside the city—in the Maerkische Schweiz. Five thousand workless were taken on barges to the show ground, where the hosts of Pharaoh were to do battle. En route, the unemployed had been doctored with artificial sunburn and had been equipped with uniforms.

The "stage" was set for the battle. Many guests, including a corps of foreign correspondents, were present to see this—one of the greatest picture-making stunts yet undertaken in Germany. Then came the squeeze play against the direction—and the strike.

Suddenly the workers set up a cry—the Internationale—and demanded more money. One of their number, a Communist, harangued the warriors. They were being oppressed by the capitalists; the 60 marks offered them was insufficient for the day's "battling" in the sands of the Berlin suburban "Switzerland."

The film director, perspiring, mad, arose and offered the mob 75 marks (almost a dollar at the present exchange), but the Communist speaker

## BIBLE CONFERENCE

Opens Monday Evening at Swedish Bethany Church, Continuing One Week

The Bible Conference opens Monday evening at 7:30 o'clock at the Swedish Bethany church, corner of 9th and Maple streets, under the direction of the Northern Gospel Mission.

This will continue for one week, closing Sunday evening, Sept. 25th. The speakers will be Rev. James P. Welliver who will specialize on Bible teaching and Peter MacFarlane director of St. Paul Down Town Mission who has a wonderful Gospel message, and whose sermons are great inspirational help.

This conference is non-secretarian. It is the "Old faith once for all delivered to the Saints."

Come, you are all welcome.

## DANCING PARTY

The Misses Jule and Mabel O'Brien Entertained Friday Evening at Clearwater Cottage

The Misses Jule and Mabel O'Brien entertained Friday evening at a dancing party at the cottages of Mr. and Mrs. Con O'Brien on Clearwater lake. Forty couples enjoyed their hospitality.

Dancing was enjoyed in one cottage and card playing in another. Refreshments were served. There was rain during the early part of the evening, thus making the roads very heavy. Later at night the rain ceased and the stars came out.

## Harrison Parent-Teachers' Club

The Harrison Parent-Teachers' meeting will be held on Monday at 7:30 P. M.

The following program will be given:

1. Musical Number, Miss Ida Peterson.
2. Story—"Three Billy Goats Gruff" By Lucille Koepf.
3. Reading—Marie Stadlbauer.
4. Talk—Rev. Stromme.
5. Minnesota State Song—6th grade.

A large attendance is desired.

## Senior Election

The senior class of the Brainerd high school held its election Thursday. The following officers were elected:

President, Helen Holden; Vice President, Robert Gemmel; Secretary, Astrid Olsen; Treasurer, Maurice Stoner; Reporter, Desmond Hurley; Sargeant at Arms, George Sargent; Class Advisor, Miss Mary F. Tornstrom.

**Over-Estimate Themselves.**  
Most of those who claim that the world owes them a living are inclined to insist on living high.

change), but the Communist speaker allowed that wasn't enough. Finally the director, evidently thinking of his outlays for staging the spectacle, wilted and offered 100 marks, which the warriors accepted.

The American companies are saving three to four dollars per head by buying German labor, even at the high rate of 100 marks a day.

## "PLENTY OF ORE LEFT"

There are probably many people who are somewhat skeptical as to the statement made by Charles W. Potts, of Deerwood, mine operator and explorer, at a meeting of officers of the American Mining Congress at Washington, to the effect that "the merchantable iron ore in the existing Minnesota mines will be depleted in fifteen years at the present rate of exhaustion."

The St. Paul Pioneer Press, indeed, under the caption, "Plenty of Ore Left," flatly contradicts Mr. Potts. The following paragraph is taken from the long editorial in the Pioneer Press:

"This pessimistic statement will come as a surprise to those experts who have estimated that the present known supply will last half a century or more. An examination of the data gathered by the Minnesota Tax Commission through scientific research shows that on all the Minnesota ranges there was a remaining merchantable tonnage at the beginning of this year of 1,335,202,996 tons, including some small ore reserves in stock pile. This should last at least 40 years, and in addition there is a very large tonnage of low grade ores which can be easily placed on the market when the present supply of high grade ore is exhausted."

And the Pioneer Press significantly adds that there is such a vast amount of low grade ore "which it has been proven can be economically treated and made merchantable, and so much other ore material on the old ranges which also ultimately easily can be employed in the industry that there is no exaggeration in saying that iron will be mined in Minnesota in A. D. 2000 and that the present generation will not witness any material lessening of the industry."

## STARVING RUSSIA

The work of feeding the starving millions in Russia is well under way, and daily distressing scenes are reported in the famine district. The utter wretchedness, the wholesale deaths from starvation—such scenes seem incredible in a land which has the instrumentalities of civilization at its command.

But what Russia is now experiencing is the inevitable result of the sort of government it has had in the last two or three years. These deluded people have sought to make the world over new, only to find that they were dealing with forces greater than themselves. If they could only see what the rest of the world sees they would bow to natural laws and frame up some sort of government in keeping with them. The rest of the world sees Russia as a most fertile field, as a country where industry could thrive and where the people could live in happiness and contentment if these laws were only permitted to function. If they are interfered with, a tremendous penalty is exacted, and Russia is now paying that penalty in starvation and collapse.

## CORN NOT USED FOR FUEL

The unwarranted statement made by somebody that farmers were going to burn good corn for fuel this year is entirely without foundation.

"I never burned any nor ever heard of anybody burning any corn," said D. O. Thompson, secretary of the Illinois Agricultural Association.

Charles D. Reed, of Iowa, director of the state crop and weather service, says: "The idea that Iowa farmers might burn corn this winter is based on the assumption that we are going to have 30 cent corn. Even at that price the margin would not be great enough to warrant burning corn. Farmers will haul their corn to market and exchange it for coal, because corn makes such very poor fuel."

J. C. Mohler, secretary of the Kansas state board of agriculture, said Kansas farmers will feed their corn to livestock, and not put it in the stove.

Cobs are burned in the kitchen stove

in the Iowa corn belt, but no one has ever planned on burning the whole corn, cob and kernels.

## CAN YOU EVER AGAIN LAUGH AT ARBUCKLE?

(St. Paul Daily News)

Can you ever laugh again at Fatty Arbuckle's antics on the screen?

He is under the cloud of a murder charge. A beautiful girl, who thought the path she was treading was that of the primrose, suddenly found it was the path of death. In her final delirium she pleaded piteously that the man she was to marry be not told the cause and the character of her distress.

A dying girl's cries are not proof; the law must decide whether or not Arbuckle's beastliness was the reason of her death.

But the tragedy has brought other revelations. If there was not murder there was at least a disgraceful orgy in which the central figure was the large lump of animal flesh who has capitalized his thick neck and his unwieldy girth in making the public laugh.

And farther in the background is a mother who, despite the fact that her stepson has enjoyed a quarter million annual income, still takes in washing to help support her two blind daughters. She says she has never received a cent from "Fatty" whom she mothered and supported for three years.

The law will take no account of these other things but as you think of them with "Fatty" Arbuckle ever again seem funny to you?

There is no question as to the answer. One can already hear an angry audience hissing the screen where an attempt is made to show him again. He can no longer hope to provoke a laugh; he is through.

## REGARDING BREAKFAST

In how many homes in Anoka is it required of the husband that he prepare his own breakfast before departing for his days work?

Probably in many.

Meanwhile the wives snooze on, thereby becoming slackers and loafers on the job.

A wife has as much right to dodge the task of getting breakfast as the husband has of the first hour at his office or store.

If the wife demands that hubby do that share of the early morning housework then hubby can consistently ask that she go down to the store ahead of him and sweep it out.

How many wives expect to do an hour of their husband's work each morning?

Many husbands are easy and many wives are lazy. But it isn't fair to expect the man who puts in long hours at earning the living for the family to take of his rest time to do breakfast. Think it over wives.—Anoka Herald.

## ROOM FOR FARMERS' TEAMS

Now that the Chamber of Commerce has decided to install watering troughs in the city, it is up to the city council to provide hitching posts and reserve ample space for farmers' teams, where the parking of cars would be prohibited. The farmers who come to Brainerd to do their trading have much difficulty in finding places to hitch their teams, as about every inch of available curb space in the business district is generally crowded with motor cars, especially afternoons. Surely we do not want to crowd out the farmers who come here to do business with us. The cost would not be large, and something should be done without delay.

## HITTING 'EM UP ON ALL CYLINDERS

A country like the United States is no different than an automobile. To be going good the car must hit up on all cylinders. When one is missing in a four cylinder car, for instance, it may run on the level, but it's in trouble when there's a heavy pull.

Prosperity in large measure will be evident in this country, the unemployment problem will fade like mist in the sun, if every man and woman is a committee of one to see that the car runs right.

## BUSINESS-BOOSTING CONFERENCE

Business conferences for the advancement of farming, business and commercial interests are being held this week throughout western and northern Minnesota, with Hugh J. Hughes, director of markets of the State Department of Agriculture, presiding. One of these conferences will be held in Brainerd next Monday and farmers, bankers, merchants and business men generally of Brainerd and the surrounding country are urged to attend and take part in the proceedings.

Samuel A. Langum, editor of the Preston Times and for many years

prominent in state politics, died on Sunday last at a Chicago hospital. "Sam" Langum was one of the best known and most popular editors in the state and will be missed at the annual meetings of the State Editorial Association.

The collector of internal revenue for the district of Minnesota announces that the total collections during the month of August this year were \$4,222,026.66, as against \$3,602,975.97 in August, 1920. The income taxes in August, 1921, aggregated \$1,942,207.33, while they totaled \$1,376,981.24 in August, 1920.

Howard Elliott, chairman of the board of directors of the Northern Pacific railroad, says that freight tonnage handled by that road in August was fully a third larger than in July. Car loadings took a sharp upturn during the closing of the month.

A special survey of industrial conditions in the middle west has just been completed by agents of the Department of Labor. According to their report there are 9,500 unemployed persons in St. Paul, 5,000 in Minneapolis and 7,000 in Duluth.

The St. Peter Herald expresses the opinion that "until some way is devised to compile figures on the consumption of moonshine, it will be impossible to give an accurate estimate of the number of dam-phools in the country."

## AMUSEMENTS

## Mix Thrills Again in Fine Photoplay

To review a Tom Mix picture is always a pleasure, because, while the writer is viewing the picture to tell the public about it, he knows he is sure of making a pleasure of business.

The new Tom Mix picture which is showing at the Lyceum theatre tonight certainly makes anyone forget business. It is thrilling. It is entertaining. It has what the motion picture folk call the "big punch." It is so fast in its action that the lights go on and the show is over when you feel that you have been watching the picture for only a few minutes. Yet "The Night Horsemen" takes over an hour to show.

Mix does some wonderful riding—some spine-thrilling stunts. The story is novel—the romance holding.

"The Night Horsemen," by the way, is from Max Brand's novel "Wild Geese" and is a sequel to "The Untamed," in which Mix appeared a short time ago. His characterization of Whistling Dan is a splendid piece of work.

## Mystery at Start of New Vitaphone Chapter Play

"Fighting Fate," the latest Vitaphone chapter play, with William Duncan, the serial king, opened at the Lyceum theatre last night and divided honors with Tom Mix. The first episode takes Duncan right into the midst of the most exciting and fascinating series of adventures even he has had.

Pleeting from the gold-fields where he has been accused of murder, Kern Lambert (Duncan) succeeds in a baffling manner in changing his identity and becomes a member of a notorious gang. But a brilliant detective "shadows" him, and Lambert's meeting with the latter brings amazing results. One episode is to be shown each coming Friday and Saturday.

## Robin Hood

"Robin Hood," the ever popular comic opera, whose melodies still linger with an irresistible charm, is a fine old swashbuckling tale laid in England on a May-day in Nottingham, with the gallant outlaw and his merry men of Sherwood Forest, in a glorious bout for a stolen heritage and the attempted theft of a bride.

One of the most unalloyed pleasures of the present theatrical season is the production of this tuneful opera by the Ralph Dunbar organization. It is booked for the New Park Theatre Monday, Sept. 19th. Neither is the pleasure so much of memory as of forgetfulness. "Oh, Promise Me" of course, brings back recollections of Jessie Bartlett Davis and one is at once reminded of Henry Clay Barnabee and Eugene Cowles and others of "The Bostonians" who first presented "Robin Hood" more than twenty years ago. Almost every one knows "Brown October Ale," "The Armourers Song" and "It Takes Nine Tailors to Make a Man." One writer has said that there is an agreeable remembrance that a certain haunting waltz, hummed since childhood, is in the first act duet between "Robin Hood" and "Maid Marian."

Ralph Dunbar's production is beautifully staged, both as regards costumes and scenery. Sherwood Forest, with its lovely greens and browns and running water, realistically lighted lends an artistic surrounding.

Samuel A. Langum, editor of the Preston Times and for many years

"Fighting Fate," the latest Vitagraph chapter play, with William Duncan, the serial king, opened at the Lyceum theatre last night and divided honors with Tom Mix. The first episode takes Duncan right into the midst of the most exciting and fascinating series of adventures even he has had.

Fleeing from the gold-fields where he has been accused of murder, Kern Lambert (Duncan) succeeds in a baffling manner in changing his identity and becomes a member of a notorious gang. But a brilliant detective "shadows" him, and Lambert's meeting with the latter brings amazing results. One episode is to be shown each coming Friday and Saturday.

## Robin Hood

"Robin Hood," the ever popular comic opera, whose melodies still linger with an irresistible charm, is a fine old swashbuckling tale laid in England on a May-day in Nottingham, with the gallant outlaw and his merry men of Sherwood Forest, in a glorious bout for a stolen heritage and the attempted theft of a bride.

One of the most unalloyed pleasures of the present theatrical season is the production of this tuneful opera by the Ralph Dunbar organization. It is booked for the New Park Theatre Monday, Sept. 19th. Neither is the pleasure so much of memory as of forgetfulness. "Oh, Promise Me" of course, brings back recollections of Jessie Bartlett Davis and one is at once reminded of Henry Clay Barnabee and Eugene Cowles and others of "The Bostonians" who first presented "Robin Hood" more than twenty years ago. Almost every one knows "Brown October Ale," "The Armourers Song" and "It Takes Nine Tailors to Make a Man." One writer has said that there is an agreeable remembrance that a certain haunting waltz, hummed since childhood, is in the first act duet between "Robin Hood" and "Maid Marian."

Ralph Dunbar's production is beautifully staged, both as regards costumes and scenery. Sherwood Forest, with its lovely greens and browns and running water, realistically lighted lends an artistic surrounding.

## FINE COUNTY EXHIBITS AT COUNTY FAIR

Weather Man Gave the Crow Wing County Fair a Wallop on Tuesday, Wednesday, Thursday

### FINE EXHIBITS ARE SHOWN

Twelve Farm Bureau Units Exhibited Holstein Cattle Predominated Among Stock

The weather man gave the county fair a wallop this week, and it rained hard Tuesday and drizzled Wednesday, and part of Thursday, says the Pequot Review.

#### Fine Exhibits

That would have been about enough to report except for the fact that the exhibit was unusually large and fine.

It has been several years since so good a display has been seen, and it is worth stating that a visitor from the southern part of the state who was present said he had attended seven Minnesota county fairs this fall, and that the exhibit here was the best he had seen.

This was a corn and melon year, and this fact was reflected in the exhibits. It is conceded to have been a poor potato year, and still, if one may judge by the potato display, there will be a lot of fine tubers marketed here this fall in spite of the dry season.

The way the ladies rallied to the fair was great. They filled the culinary exhibit space before entry day was half over, and were given extra space for this department, while the fancy work wing of the building was so filled that men who were rash enough to go in without their wives had to be guided out.

#### Farm Club Exhibits

It had been hoped that this department would bring out several exhibits. This is a feature that is greatly appreciated, each booth being a little fair in itself. Exhibits were shown by the Twin Lakes club and the Timothy-Allen club. The Twin Lakes club won the blue ribbon, scoring high in points. The Timothy-Allen club exhibited for the first time, and while they had a beautiful booth, they were short on varieties, which held down their score.

#### Farm Bureau Unit Exhibits

Several of the Farm Bureau units of the county had exhibits in this department, first place going to the Long Lake Unit. Other units exhibiting were St. Mathias, Timothy-Allen, Crow Wing, Oak Lawn, Nokay Lake, Sibley, Center, Rabbit Lake, Deerwood, Irondale, First Assessment District and Mission.

#### Good Local Stock Display

The stock barns were filled for the first time in several years, practically all with stock from the community. Holstein cattle predominated, but there were also good displays of Jerseys and Red Polls.

Competing for the dairy calf silver cup, offered for the three best bred dairy calves, were Holsteins belonging to a farmer near Jenkins, Red Polls of W. J. Stinson's and Jerseys from the Murray-Norwood farm, south of Pequot, the latter winning out.

The horse exhibit was small, but mules were considerably in evidence. The chicken exhibition building was comfortably filled with many varieties of fowls.

#### Exhibits Largely Local

Much of the greater part of the exhibits were brought in from the Pequot community.

#### Rains Detracted from Program

The heavy rain Tuesday permitted no program that day. Wednesday was announced as Brainerd Day and instead Tuesday's program was carried out Wednesday.

The races were run as scheduled and the ball game between Brainerd and Pequot was played through to a finish in spite of the fact that a steady rain fell during most of the game. Brainerd won by a score of 7 to 2.

#### Doll Buggy Parade

The doll buggy parade was held Wednesday and was one of the features of the fair. A dozen little girls with their dolls in prettily decorated carriages paraded. The parade was short for it was raining but was put on again Thursday. First prize was awarded to Faye Glassmann, second to Katherine Fossum and third to Ramona Glasman.

#### Thursday the Last Day

It was decided Tuesday to carry the fair over Thursday in hopes that the weather would be good Wednesday and Thursday so the complete program could be given, but a rainy looking Thursday morning quenched the hopes in that direction. A few running races were staged Thursday afternoon and there was a ball game between the high school boys and a picked up team of married men, which

## FAVOR ROAD WORK TO CUT IDLENESS

Local Citizens and Organizations Endorsing Plan to Reduce Unemployment

### COOPERATION IS VERY HEARTY

Petitions and Resolutions Being Forwarded to Senators of State and Congressmen

Public sentiment in Brainerd and vicinity is in accord with the plan to provide work this fall and winter for thousands of men and avert possible suffering in their families by continuing highway operations, as announced by Charles M. Babcock, state highway commissioner in the Brainerd Dispatch.

Indications are that a general response is being made and that hundreds of men and women, both individually and through clubs and other organizations, are urging Senators Knute Nelson and Frank B. Kellogg and Representative Harold Knutson from this district to support legislation to double 1921 federal highway aid and enable the state to continue its work in winter. Minnesota congressmen have backed the best highway legislation, but can use the petitions to influence members from other states.

In compliance with the earlier suggestion, local petitions are being mailed now to reach Washington early next week and impress members with the overwhelming sentiment for provisions to relieve the unemployment situation and hasten favorable action.

Among the local organizations endorsing the Babcock plan of creating work this fall and winter are the Chamber of Commerce, the Brainerd Business Men's Association, the Brainerd Rotary Club, the Brainerd Business and Professional Women's club. The matter is being brought before the Trades & Labor Assembly county commissioners, County Farm Bureau, etc.

Here is a resolution as adopted by the Chamber of Commerce:

#### RESOLUTIONS:

WHEREAS, it is reported that lumbering and many other like winter activities may be largely reduced or even suspended in the state of Minnesota, thus affecting this northern section and contributing to the unemployment problem in the most serious time of the year; and

WHEREAS, a solution of the problem may be found in the "more work—better roads" movement, being a proposal to continue needed road work through the winter and provide employment for hundreds of men who would otherwise be in forced idleness;

THEREFORE, BE IT RESOLVED, this Brainerd Chamber of Commerce, in regular session assembled, goes on record as endorsing the praiseworthy efforts of the Minnesota State Highway Department and its Commissioner, C. M. Babcock, to provide road work this fall and winter for hundreds of men and avert possible suffering in their families by continuing highway operations, and,

BE IT FURTHER RESOLVED, that we send copies of this resolution to our Senators, the Hon. Knute Nelson and Frank B. Kellogg, and Congressman of the Sixth District, Hon. Harold Knutson, urging them to support legislation to double the 1921 federal highway aid and thus enable the state to continue its work in winter.

the boys won by a score of 14 to 13.

#### Band Music Fine

The Brainerd band was present Tuesday to furnish music, playing concerts in the agricultural building, while the Jenkins band played on Wednesday and Thursday.

#### Airplane Bogged

The Breezy Point airplane, which was to have given exhibitions two days, flew over town Monday, dropped down in a spiral, and landed in Browns field for a time. Tuesday's rain, however, made the ground so soft that it was impossible to get it off the ground from its field near Breezy Point.

#### Attendance Cut in Half

It is estimated by fair officials that about 1,000 people visited the fair Tuesday, and about 1,500 Wednesday, in spite of the rain. A small crowd was out Thursday. This was about half the attendance good weather was expected to bring out.

#### Bethlehem Aid

On Thursday afternoon the Ladies Aid of Bethlehem Lutheran church was entertained at the home of Mrs. Louis Peterson, 406 South Sixth street.

We refinish, upholster and repair ALL KINDS OF FURNITURE We call and deliver. Phone 282-W and save money—Kapp & Daffey, Upholsterers, 23 Kindred St. N. E.

## MORE WORK-BETTER ROADS MOVEMENT

Supported by American Legion, the State Federation of Labor, State Industrial Commission

### MORE FEDERAL HIGHWAY AID

Public Appeal to Congress to Aid in Continuing Fall and Winter Highway Improvements

Minnesota forces actively supporting the "more work-better roads" movement already include the American Legion, State Federation of Labor, State Industrial Commission and the state press, in addition to many local organizations and citizens.

Indications point to a hearty response to the suggestion of Charles M. Babcock, state highway commissioner, for public appeals to congress to double federal highway aid for 1921 that the unemployment situation may be relieved by continuance thru the fall and winter of needed highway improvements. Every organization and every man and woman citizen is urged to write to members of congress urging the increased appropriation to meet the emergency.

The proposal to continue necessary highway operations and provide work for hundreds by obtaining increased federal aid is the most meritorious and definite suggestion yet advanced, in the opinions of James D. Williams, of the Minnesota industrial commission; E. G. Hall, president of the State Federation of Labor, and Dr. A. A. Van Dyke, state commander of the American Legion. Accordingly, the organizations they represent are taking an active part in the move to register public sentiment and influence congress to vote the needed funds.

Local officials and also various organizations here are preparing to support the move especially in view of the fact that unemployment threatens to reach every community unless effective measures are taken to prevent it. The industrial commission is inviting suggestions toward further relief and in the meantime is joining other forces to secure favorable action by congress.

Resolutions and petitions addressed to Minnesota members of congress on the subject, it was announced, should refer to the number of jobless men with dependents and the need of proposed road work, then ask support for double federal aid to make possible the proposed plan.

#### PLEASE TAKE NOTICE

All stockholders and non-stockholder patrons holding receipts issued by the Brainerd Co-operative Mercantile Co., to September 1, 1921, will kindly turn them in at the store by September 20th, so the dividends thereon can be figured.

BRAINERD CO-OPERATIVE  
MERCANTILE COMPANY.

#### 70th Anniversary

The Florence Rebekah Lodge will celebrate its 70th anniversary Monday night, September 19, by giving an entertainment and lunch after lodge. Lodge will be called to order at 7:30 sharp. A silver collection will be taken up for the Odd Fellows home at Northfield. All Odd Fellows and wives and friends are invited.

## CITIZENS STATE BANK BIRTHDAY

Greeted Many of Its Depositors and Friends on Occasion of Its 32nd Birthday

### CELEBRATED SEPTEMBER 16TH

Flowers for the Ladies and Cigars Given the Men, Bank Officers Welcomed Them

The Citizens State bank of Brainerd celebrated its thirty-second birthday on Friday, September 16, on which occasion, said Cashier R. J. Tinkelpaugh, the bank was 32 years young. Officers of the bank were there to receive the many visitors. Depositors and friends were welcomed. There were flowers for the ladies and cigars for the men. A number of the old time depositors, unable to attend, telephoned their regrets and also wished the bank continued success.

"The occasion," said Mr. Tinkelpaugh, "was very informal and it served to get many people personally acquainted with all the officers and directors of the bank."

#### Struck by Train, Dies.

St. Paul, Sept. 17—Richard Breitung, 19, of Meringo, Ill., died in the city hospital last night after being struck by a train. His brother Charles, 17, suffered serious injuries.

#### AMERICAN LEGION DANCE

Will be Given on Friday Evening, Sept. 23 at Elks Hall—Witham's Orchestra

The pre-convention dance given under the auspices of the local post of the American Legion will be held on Friday evening, Sept. 23 at Elks hall. Witham's orchestra will furnish the music and Oscar Risberg will make the many movements demanded of the man who attends to the drums.

It is hoped that the citizens will keep this date in mind and turn out in large numbers so that the members of the local post of the American Legion may obtain the money necessary to entertain the members of the American Legion posts in the Sixth Minnesota district who are to gather here for their district convention on September 25 and 26.

## AFFILIATE WITH NATIONAL

Brainerd Business & Professional Women's Club to Join National Federation

The Business and Professional Women's Club of Brainerd will soon affiliate with the National Federation of B. & P. W. clubs, whose headquarters are at 276 Fifth Avenue, New York City. The National Federation publishes a monthly magazine called The Independent Woman, with the well-known club woman, Elisabeth Seary, as editor and publicity chairman.

The Independent Woman is devoted to the interests of business and professional women. It is unique in that it covers a field until recently untouched by any other magazine. Those interested in the education of the younger business women have lately given sixteen hundred subscriptions to The Independent Woman, these to be placed in the various libraries and reading rooms throughout the country.

Islay M. McColl has been asked by the editor to serve as publicity chairman for the National Federation in the local club, and articles regarding club activities here will from time to time be given space in the Independent Woman.

The title of the magazine and ideals of the club form an interesting acoustic:

Tenacity, Hope, Energy  
In our endeavor  
Every club  
Person should  
Enter  
Not intent only on  
Doing  
Everything for us, but doing  
Nothing  
To prevent us—

We, all of us Business Women

### Struck by Train, Dies.

St. Paul, Sept. 17—Richard Breitung, 19, of Meringo, Ill., died in the city hospital last night after being struck by a train. His brother Charles, 17, suffered serious injuries.

### AMERICAN LEGION DANCE

Will be Given on Friday Evening, Sept. 23 at Elks Hall—Witham's Orchestra

The pre-convention dance given under the auspices of the local post of the American Legion will be held on Friday evening, Sept. 23 at Elks hall. Witham's orchestra will furnish the music and Oscar Risberg will make the many movements demanded of the man who attends to the drums.

It is hoped that the citizens will keep this date in mind and turn out in large numbers so that the members of the local post of the American Legion may obtain the money necessary to entertain the members of the American Legion posts in the Sixth Minnesota district who are to gather here for their district convention on September 25 and 26.

## SWEENEY SAYS---

## AFFILIATE WITH NATIONAL

Brainerd Business & Professional Women's Club to Join National Federation

The Business and Professional Women's Club of Brainerd will soon affiliate with the National Federation of B. & P. W. clubs, whose headquarters are at 276 Fifth Avenue, New York City. The National Federation publishes a monthly magazine called The Independent Woman, with the well-known club woman, Elisabeth Sears, as editor and publicity chairman.

The Independent Woman is devoted to the interests of business and professional women. It is unique in that it covers a field until recently untouched by any other magazine. Those interested in the education of the younger business women have lately given sixteen hundred subscriptions to The Independent Woman, these to be placed in the various libraries and reading rooms throughout the country.

Islay M. McColl has been asked by the editor to serve as publicity chairman for the National Federation in the local club, and articles regarding club activities here will from time to time be given space in the Independent Woman.

The title of the magazine and ideals of the club form an interesting acoustic:

Tenacity, Hope, Energy  
In our endeavor  
Every club  
Person should  
Eater  
Not intent only on  
Doing  
Everything for us, but doing  
Nothing  
To prevent us—

We, all of us Business Women  
Only working for progress  
Mean to gain for the rest of us  
A  
New impetus.

Maximum  
Ambition  
Generosity  
Action  
Zeal  
Initiative  
Nerve  
Enterprise.

## RICHEST MAN IN GERMANY REACHING OUT FOR NEW WORLDS TO CONQUER

### HUGO STINNES RATED AS MANY TIMES A BILLIONAIRE—MADE MONEY ON WAR

EDITOR'S NOTE: Hugo Stinnes has appeared in the news frequently during the last few months. He has been pictured as the German "Rockefeller." The Berlin bureau of the United Press has forwarded this picture of his business activities.

Berlin, Sept. 16.—(United Press)—Hugo Stinnes, Germany's richest man, is reaching out today as an internationalist, not merely a nationalist.

His wealth pours in from the four corners of the globe, and he is reckoned as many times a billionaire, admitting in his tax returns that he is at least a billionaire. He was a rich man before the war. But his holdings today are like the proverbial tannery in comparison with an earlier shoe-string. He is known as "ruecksichtslos"—ruthless—in his gold-grabbing.

The Stinnes concern has become all-inclusive. At least 1500 undertakings and "daughter companies" belong thereto. These concerns engage in coal mining and shipping; he controls business that make everything from high current machines to incandescent lamps; from a screw to an ocean liner; from a modest worker's home to hotels like the Atlantic of Hamburg and the Esplanade of Berlin; from big forests to newspaper and newspapers.

Stinnes' steamers travel not alone upon the Rhine and in the Ostsee, but also on the Atlantic and Pacific. And, since his ejection from the Hamburg-American line directorate, Stinnes is doing his utmost to extend his foreign holdings, especially in shipping. His boldest strike recently was the purchase of the Alpinen Montangesellschaft, holding the largest closed ore supplies in Europe, but unable to operate because it lacked coke following creation of Tsecho-Slovakia. With his vast coke and coal holdings, it was easy to rejuvenate the Austrian iron industry, and to absorb many men otherwise workless. But Stinnes is feeling the heavy hand of competition. The Hamburg-American line dropped him from its board of directors because he sought to enter the South American shipping business independently. He is going to fight the "Hapag," but he has still another dangerous competitor, Herr Haniel, owner of the great "Good Hope" concern, which is seeking with considerable success, to build up a concern to rival that of Stinnes and his 1500 holdings.

Haniel, besides being a wonderfully strong business man, is a racing operator. In three or four years, he has built up the most famous racing stable in Germany, has won the Derby in Germany twice and a number of other big races. He spends freely on his race horses, and works also with a free hand in his concern, so that today he stands as Stinnes' most serious competitor. The business world regards him the pleasanter and kinder personality.

And, while Haniel is crowding Stinnes, the latter still has the lead with a plant valued at eight milliards of marks, and one million employees. Stinnes is painted swan-white or raven black, according to whether it be a nationalist or a radical who views him. His methods are held by many to have doubtful elements about them—perhaps as one judges the old days of millionaires and their methods in America.

When Stinnes started on his career of collecting gold, he was in the first instance a trader rather than a producer. He still has much of that character. He did not create his property but received it as a legacy and developed it. His grandfather, Matthias Stinnes, started in with coal transport

on ships and then developed into coal producer and buyer of mines. What the elder Stinnes started in the Rhineland, Hugo Stinnes has stretched to a wider sphere, using the same methods as his grandfather. Hugo's sphere is no longer merely Germany, but the whole world.

Ruthlessness is laid at his door; and his opponents claim the best proof of this is that he went into the war with a million and came out confessedly with a milliard which they believe is only a part of his wealth. During the war he joined the German Luxembourg company—a big steel and iron undertaking—and it is contended his connection did much to strengthen his pocketbook. Stinnes is credited with being chiefly responsible for the deportation of Belgian workers to Germany. He also wanted a peace with Italy in 1917—some say because it would have furthered his own business.

### WESTERN CONFERENCE FOOTBALL SCHEDULE

(By United Press)

Chicago, Sept. 15.—Western conference football will contribute its share to what is expected to be the gridiron season in the history of the gridiron. The "Big Ten" gets under way on October 8 and closes on November 19 with five games.

Critics are slow in making advance predictions about the championship battle. Ohio State, however, is generally regarded as having a heavy job in winning the championship again this year. The loss of Stinchcomb and Workman will be severe for the Buckeyes, but the Columbus followers look at Coach Wiley for one or two of his usual finds from the new material.

For the first time an opportunity will be afforded for a comparison between eastern and western football through the game between Chicago and Princeton. According to word from the east, Princeton is rated as the sure champion, and Chicago is expected to stand well among the conference eleven.

Illinois, Wisconsin and Michigan as usual, can be counted upon for strong teams. Little can be expected of Indiana and Northwestern.

While not a member of the conference, the Notre Dame eleven will be prominent on the western stage. Despite the loss of the great George Gipp, the South Bend university is expected to have another great machine. Three games with conference eleven—Iowa, Purdue and Indiana are on the Notre Dame schedule, which may be resulted in some tangible hope for the award of the western championship.

Notre Dame also has games with Nebraska, the Army and the Michigan Aggies.

The schedule for the big games in the west is as follows:

**October 8**  
Chicago and Purdue at Chicago.  
Minnesota and Northwestern at Minneapolis.

Iowa and Notre Dame at Iowa City.  
Wisconsin and South Dakota at Madison.

Ohio State and Oberlin at Columbus.  
Michigan and Case at Ann Arbor.

**October 15**  
Iowa and Illinois at Iowa City.  
Northwestern and Wisconsin at Evanston.

Ohio State and Minnesota at Columbus.

Michigan and Michigan Aggies at Ann Arbor.

Purdue and Notre Dame at Lafayette.

**October 22**  
Michigan and Ohio State at Ann Arbor.  
Illinois and Wisconsin at Urbana.

Minnesota and Indiana at Minneapolis.  
Notre Dame and Nebraska at Notre Dame.

**October 29**  
Illinois and Michigan at Urbana.  
Purdue and Iowa at Lafayette.  
Wisconsin and Minnesota at Madison.

Chicago and Colorado at Chicago.  
Indiana and Notre Dame at Indianapolis.

Nebraska and Oklahoma at Lincoln.

**November 5**  
Chicago and Ohio State at Chicago.  
Minnesota and Iowa at Minneapolis.  
Purdue and Northwestern at Lafayette.

**November 12**  
Illinois and Chicago at Urbana.  
Iowa and Indiana at Iowa City.  
Ohio State and Purdue at Columbus.  
Wisconsin and Michigan at Madison.  
Notre Dame and Haskell Institute at Notre Dame.

**November 19**  
Chicago and Wisconsin at Chicago.  
Indiana and Purdue at Bloomington.

Michigan and Minnesota at Ann Arbor.

Ohio State and Illinois at Columbus.

Iowa and Northwestern at Evanston.

Notre Dame and Marquette at Milwaukee.

## MARKET REPORT

### Minneapolis Cash Grain

Wheat—No. 1 dark northern \$1.49½ to \$1.51½; No. 1 northern, \$1.47½. Corn—No. 3 yellow, 46c to 46½c. Oats—No. 3 white, 37½c to 34½c. Barley—Choice, 50c to 55c. Rye—No. 2, 98c to 98½c. Flaxseed—Fancy, \$2.06 to \$2.09.

## KILBANE TO DEFEND CHAMP TITLE TODAY

(By United Press.)

Cleveland, Ohio, Sept. 17.—John Kilbane, who has been featherweight champion since he outboxed Abe Attel at Vernon way back in 1912, defends the title today against Denny Frush of Baltimore.

Even money prevailed in the betting today and Kilbane was predicting he would win a knockout. The weather was threatening after an all night rain and there was a possibility the fight scheduled for Denn Field might be postponed by showers.

The preliminaries are scheduled to start at 2 p. m. with the main bout at 4:40 p. m.

The crowd will be between 25,000 and 30,000, the promoters predicted.

**Kilbane Protests Judges**

Threatening an eleventh hour hitch in the ring here for the Kilbane-Frush fight was avoided this afternoon when Kilbane accepted the local boxing commission's selection of two visiting judges.

The commission picked the names of Sam Hall of Chicago, and Richard Guy of Pittsburgh, from a hat and announced they would be the judges. They are visiting newspaper men. Kilbane immediately protested insisting that judges be Cleveland men.

Kilbane bowed before the commission's decision and announced he would go on with the fight, but did not withdraw his protest.

### Burglar Captured.

Milwaukee, Wis., Sept. 17.—One alleged burglar was captured and another escaped following a pistol duel with suburban police today. According to the police Patrolman Kosinski met two men carrying a considerable amount of clothing which was alleged to have been stolen from a department store in West Allis. The policeman became suspicious and upon trying to question the men they dropped the clothing and started to run. He drew a pistol and after ordering them to stop fired several shots at the fleeing men. The man who was captured gave his name as George McKernan.

## TWO POSES OF ACTRESS FOR WHOSE DEATH "FATTY" ARBUCKLE IS HELD

Miss Virginia Rappe, as she appeared on the screen in various comedy films.

## NORTHWEST NEWS

### Change Road Laws

Bismarck, N. D., Sept. 17.—A constitutional amendment on highway building in the state will be submitted through the activity of the North Dakota Good Roads' association to the people at the primaries next June, according to Secretary W. E. Holbeim. Since all legislation before congress now provides that the government will not give federal aid to states that secure part of their participation funds from the subdivision funds of the state, the road building laws must be changed in North Dakota, Mr. Holbeim declares.

### Survey Mines

Scranton, N. D., Sept. 17.—Mines comprising more than 1,000 square miles have been surveyed by A. C. Leonard, state geologist, who is prospecting for coal in Bowman and Slope counties. The Scranton mine vein is 30 feet thick, Mr. Leonard declares.

## GIBBONS KNOCKS OUT BATTLING ARTEGA

Colorado Springs, Colo., Sept. 17.—Mike Gibbons, St. Paul phantom, today was the idol of Colorado's fighting fans. Gibbons knocked out Battling Artega in the seventh round of a scheduled twelve round bout last night. The St. Paul fighter was the aggressor all the way and gave the Mexican a severe beating.

### Make State Dry

Minneapolis, Sept. 17.—Minnesota dry forces were concentrating on prohibition enforcement regulations today with the announced plan of making Minnesota "bone dry."

The campaign against liquor traffic will come to a head here Monday when a state-wide conference of prohibition enforcement agents, anti-saloon league forces and others interested in keeping "old John Barleycorn" in his grave, will be convened here.

George S. Safford, superintendent of the state anti-saloon league, and other dry leaders are responsible for the conference.

Representative Andrew J. Volstead, "father" of the prohibition enforcement legislation, and other prominent dries are expected to speak. The conference will be in session two days.

### Bandits Get Whiskey Worth \$15,000.

New York, Sept. 17.—Fifteen armed bandits early today raided a paper factory in Brooklyn and escaped with forty-five barrels of whiskey valued at \$15,000. Two watchmen were seized and overpowered by the raiders. One of the watchmen was later arrested by police on suspicion of being associated with the bandits.

The Circlet is Self-Adjusting. It simply clips over the head, clasps at waist and smooths out ugly lines. If your dealer can't get it send actual bust measure, name, address & \$1.50. We'll send the Circlet prepaid. Sizes 34 to 48. Nemo Hygienic-Fashion Institute 120 E. 16 St. New York, Dep't M.

### TWO POSES OF ACTRESS FOR WHOSE DEATH "FATTY" ARBUCKLE IS HELD

Miss Virginia Rappe, as she appeared on the screen in various comedy films.

### KILBANE TO DEFEND CHAMP TITLE TODAY

(By United Press.)

Cleveland, Ohio, Sept. 17.—John Kilbane, who has been featherweight champion since he outboxed Abe Attel at Vernon way back in 1912, defends the title today against Denny Frush of Baltimore.

Even money prevailed in the betting today and Kilbane was predicting he would win a knockout. The weather was threatening after an all night rain and there was a possibility the fight scheduled for Denn Field might be postponed by showers.

The preliminaries are scheduled to start at 2 p. m. with the main bout at 4:40 p. m.

The crowd will be between 25,000 and 30,000, the promoters predicted.

**Kilbane Protests Judges**  
Threatening an eleventh hour hitch in the ring here for the Kilbane-Frush fight was avoided this afternoon when Kilbane accepted the local boxing commission's selection of two visiting judges.

The commission picked the names of Sam Hall of Chicago, and Richard Guy of Pittsburgh, from a hat and announced they would be the judges. They are visiting newspaper men Kilbane immediately protested insisting that judges be Cleveland men.

Kilbane bowed before the commission's decision and announced he would go on with the fight, but did not withdraw his protest.

#### Burglar Captured.

Milwaukee, Wis., Sept. 17.—One alleged burglar was captured and another escaped following a pistol duel with suburban police today. According to the police Patrolman Kosinski met two men carrying a considerable amount of clothing which was alleged to have been stolen from a department store in West Allis. The policeman became suspicious and upon trying to question the men they dropped the clothing and started to run. He drew a pistol and after ordering them to stop fired several shots at the fleeing men. The man who was captured gave his name as George McKernan.

### NORTHWEST NEWS

#### Change Road Laws

Bismarck, N. D., Sept. 17.—A constitutional amendment on highway building in the state will be submitted through the activity of the North Dakota Good Roads' association, to the people at the primaries next June, according to Secretary W. E. Holbeim. Since all legislation before congress now provides that the government will not give federal aid to states that secure part of their participation funds from the subdivision funds of the state, the road building laws must be changed in North Dakota, Mr. Holbeim declares.

#### Survey Mines

Scranton, N. D., Sept. 17.—Mines comprising more than 1,000 square miles have been surveyed by A. C. Leonard, state geologist, who is prospecting for coal in Bowman and Slope counties. The Scranton mine vein is 30 feet thick, Mr. Leonard declares.

### GIBBONS KNOCKS OUT BATTLING ARTEGA

Colorado Springs, Colo., Sept. 17.—Mike Gibbons, St. Paul phantom, today was the idol of Colorado's fighting fans. Gibbons knocked out Battling Artega in the seventh round of a scheduled twelve round bout last night. The St. Paul fighter was the aggressor all the way and gave the Mexican a severe beating.

#### Make State Dry

Minneapolis, Sept. 17.—Minnesota dry forces were concentrating on prohibition enforcement regulations today with the announced plan of making Minnesota "bone dry." The campaign against liquor traffic will come to a head here Monday when a state-wide conference of prohibition enforcement agents, anti-saloon league forces and others interested in keeping "old John Barleycorn" in his grave, will be convened here.

George S. Safford, superintendent of the state anti-saloon league, and other dry leaders are responsible for the conference. Representative Andrew J. Volstead, "father" of the prohibition enforcement legislation, and other prominent dries are expected to speak. The conference will be in session two days.

**Bandits Get Whiskey Worth \$15,000.**  
New York, Sept. 17.—Fifteen armed bandits early today raided a paper factory in Brooklyn and escaped with forty-five barrels of whiskey valued at \$15,000. Two watchmen were seized and overpowered by the raiders. One of the watchmen was later arrested by police on suspicion of being associated with the bandits.
